Report of Independent Auditors

To the Board of Managers of Great Gray Trust Company, LLC

Opinion

We have audited the accompanying financial statements of Federated Hermes High Yield Bond Collective Investment Fund (the "Fund"), which comprise the statement of assets and liabilities, including the schedule of investments, as of December 31, 2024, and the related statements of operations, of changes in net assets, including the related notes, and the financial highlights for the year then ended (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as of December 31, 2024, and the results of its operations, changes in its net assets and the financial highlights for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Great Gray Collective Investment Trust

Federated Hermes High Yield Bond Collective Investment Fund

Notes to the Financial Statements

December 31, 2024

Note 1 - Organization

Great Gray Collective Investment Trust (the "Trust") is intended to constitute an exempt trust under Section 501(a) of the Internal Revenue Code of 1986, as amended (the "Code"), and a group trust within the meaning of Rev. Rul. 81-100, as amended. The Trust is exempt from registration under the Investment Company Act of 1940, as amended, and the Securities Act of 1933, as amended. Great Gray Trust Company, LLC (the "Trustee") serves as the Trustee of the Trust.

The Trustee is responsible for maintaining and administering the Trust and the Federated Hermes High Yield Bond Collective Investment Fund (the "Fund") and also serves as the investment manager to the Fund. State Street Bank and Trust Company provides custody, transfer agency, and accounting services for the Fund.

The Trustee is ultimately controlled by Madison Dearborn Partners, LLC ("MDP"), a registered investment adviser and private equity firm based in Chicago, IL. MDP and its controlled subsidiaries are the general partners to the investment funds that own substantially all of the Trustee through intermediate holding companies.

The purpose of the Trust is to allow collective investments by plan sponsors of retirement plans which qualify for exemption from federal income taxation pursuant to Section 501(a) of the Code, by reason of qualifying under Section 401(a) of the Code; tax-exempt governmental plans described in Section 401(a)(24) of the Code; eligible deferred compensation plans under Section 457(b) of the Code established by a government employer; group trusts or separate accounts consisting solely of assets of the foregoing; and other investors eligible for participation in the Trust. The Trust consists of separate funds with differing investment objectives, which are available for investment by participating plans. An eligible plan may join in the Trust, subject to the Trustee's acceptance, and become a participating plan by executing participation documents specified by the Trustee. Not all funds within the Trust are presented herein. The Trustee has claimed an exclusion from the definition of commodity pool operator ("CPO") under the Commodity Exchange Act and the rules of the Commodity Futures Trading Commission ("CFTC") with respect to the Fund, and is therefore not subject to CFTC registration or regulation as a CPO with respect to the Fund.

The investment objective of the Fund is to seek high current income by investing primarily in a diversified portfolio of high yield corporate bonds (also known as "junk bonds"), which include securities issued by U.S. or foreign businesses (including emerging market debt securities). The Trustee has engaged Federated Investment Counseling (the "Sub-Advisor") to provide investment advice and recommendations with respect to investment of the Fund's assets. The Trustee maintains ultimate fiduciary authority over the management of and investments made in the Fund. The Sub-Advisor is engaged pursuant to a sub-advisor agreement.

Note 2 - Significant Accounting Policies

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Fund is an investment company and follows the accounting and reporting guidance in the Financial Accounting Standards Board Accounting Standards Codification Topic No. 946.

Great Gray Collective Investment Trust
Federated Hermes High Yield Bond Collective Investment Fund
Notes to the Financial Statements (continued)
December 31, 2024

Net Asset Value (“NAV”) - Units of each fee class of the Fund are valued each day on which the New York Stock Exchange (“NYSE”) is open for trading in accordance with the valuation procedures established by the Trustee. The NAV per unit is calculated as of the close of trading on the NYSE (generally, 4:00 p.m. U.S. Eastern time). The NAV per unit is computed by dividing the total fair value of the assets of the Fund, less its liabilities, by the total number of units outstanding at the time of such computation.

Fund Unit Transactions - The Fund sells new units and repurchases outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV per fee class of the Fund, determined as of the close of business each day. A summary of the unit activity for the Fund is included with its Financial Highlights.

The Fund requires a plan to provide advance written notice of five business days for plan directed withdrawals which will exceed \$1 million of the assets invested in the Fund.

Investment Valuation - Investments are valued at their current fair value determined as follows:

Corporate Bonds – The fair value of corporate bonds is estimated using various techniques, which may consider recently executed transactions in securities of the issuer or comparable issuers, market price quotations (when observable), and other industry recognized techniques. Although most corporate bonds are categorized in level 2 of the fair value hierarchy, in instances when lower relative weight is placed on transaction prices, quotations, or other similar observable inputs, they are categorized in level 3.

Money Market Trusts – Investments in money market trusts are valued using the net asset value per share (or its equivalent) as a practical expedient in accordance with the specialized accounting guidance for investment companies.

Securities - Securities, other than bonds, listed on a securities exchange, market or automated quotation system for which quotations are readily available are valued at the closing price on the primary exchange or market on which they are traded on the day of valuation or, if there is no such reported sale on the valuation date, at the most recent bid quotation on the principal exchange. If a market price is not readily available or if such price is deemed unreliable, it will be valued at fair value in accordance with valuation procedures established by the Trustee. The Trustee's determination of fair value involves consideration of a number of subjective factors, and therefore, no single standard for determining fair value will apply.

When the valuation methods described above are not reflective of fair value, investments are valued at fair value following procedures and/or guidelines determined by or under the direction of the valuation committee established by the Trustee. In light of the judgment involved in fair value decisions, there can be no assurance that a fair value assigned to a particular investment is accurate.

Cash and Cash Equivalents - The Fund considers all highly liquid instruments with original maturities of three months or less at the acquisition date to be cash equivalents.

Great Gray Collective Investment Trust
Federated Hermes High Yield Bond Collective Investment Fund
Notes to the Financial Statements (continued)
December 31, 2024

Investment Transactions and Investment Income - The Fund records security transactions on a trade date basis. Dividend income is recorded on the ex-dividend date. Net realized gains and losses on investments are determined by the first-in, first-out method. Interest income and expenses are recorded daily on the accrual basis.

Fee Classes and Allocations - The Fund offers multiple fee classes. Not all fee classes are available for investment by all plans. Each class is allocated expenses on the basis of expense loads assigned to that class. Income, expenses (other than expenses attributable to a specific class), and realized and unrealized gains or losses on investments are allocated to each fee class based on the units outstanding for the fee class in proportion to the total outstanding units.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Guarantees and Indemnifications - Under the Fund's organizational documents, each trustee, officer, employee and agent of the Trust is indemnified, to the extent permitted by law, against certain liabilities that may arise in the performance of their duties to the Fund.

Income Tax Status - The Trust has received a determination from the Internal Revenue Service that the Trust is exempt from federal income taxation under Section 501(a) of the Code. Accordingly, no federal income tax provision is required.

The Fund may be subject to taxes imposed by countries in which it invests as provided by the applicable jurisdiction's taxing authority. Such taxes are generally based on income and/or capital gains earned or repatriated. Taxes are accrued and applied to net investment income, net realized gains and net unrealized appreciation/depreciation as such income and/or gains are earned. The Fund files tax returns as prescribed by the tax laws of the jurisdictions in which it operates. In the normal course of business, the Fund is subject to examination by federal, state and local jurisdictions, where applicable.

Management has analyzed the Fund's tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on tax returns filed for any open tax years (or expected to be taken on future tax returns). Open tax years are those that remain subject to examination and are based on each tax jurisdiction's statute of limitations.

Subsequent Events - The Trustee has evaluated the effect of subsequent events on the Fund's financial statements through April 30, 2025, which is the date the financial statements were available to be issued, and has determined that there are no material subsequent events that would require disclosure or adjustment in the Fund's financial statements through this date.

Note 3 - Fair Value Measurements

Fair value is defined as the price a fund would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date.

Various inputs are used in determining the fair value of the Fund's investments. The Trustee has performed an analysis of the significance and character of these inputs to the fair value determination. These inputs are summarized in the three broad levels listed below:

- Level 1 - Quoted prices in active markets for identical investments.
- Level 2 - Other significant observable inputs (including quoted prices for similar investments, interest rates, credit risk, and others).
- Level 3 - Significant unobservable inputs (including the Trustee's own assumptions in determining the fair value of investments).

The inputs or methodologies used for valuing investments are not necessarily an indication of the risk associated with investing in those investments. The aggregate fair value of the investments in the Fund, by input level used as of December 31, 2024, is included following the Fund's Schedule of Investments.

Note 4 – Fees and Expenses

Fees

As set forth in the table below (in basis points), the Trustee will receive the annualized Total Fee based upon the net assets of each Participating Plan invested in the Fund. The Total Fee includes amounts the Trustee charges against the Fund assets for trustee, administrative and investment services provided to the Fund. The Trustee will compensate the Sub-Advisor and other service providers from the Total Fee it receives from the Fund. Fees are accrued daily and paid quarterly in arrears and charged against the assets invested in the Fund.

Fee Class	Total Fee
Class A1	31
Class M	45

Expenses - The Fund will reimburse the Trustee for any out-of-pocket expenses it may incur on behalf of the Fund that relate directly to Fund operations. These may include, but are not limited to, audit expenses, custody service fees, tax form preparation expenses, legal and other fees ("Operating Expenses"). Operating Expenses will be reimbursed from the Fund when they are incurred. Transaction fees and expenses incurred in connection with the

investment and reinvestment of Fund assets, including without limitation, any transfer agency fees, brokerage commissions and expenses, will be borne by the Fund.

When assets of the Fund are invested in other investment vehicles, such as other Collective Funds or Exchange-Traded Funds, those investment vehicles will incur fees and expenses, which will be reflected in the performance results and value of the Fund's investment in such investment vehicle.

Note 5 – Related Party Transactions

The Trustee is a Nevada-chartered non-depository trust company that provides trust and custodial services for tax-advantaged retirement plans as well as trust and investment services to business pension and retirement plans. The Trustee is responsible for managing the Trust's investment and business affairs.

Note 6 – Risks Associated with Investing in the Fund

In the normal course of business, the Fund trades financial instruments and enters into financial transactions where risk of potential loss exists due to changes in the fair value of the investments.

The following are the principal risks of the Fund and are described in the Additional Fund Information and Principal Risk Definitions (www.greatgray.com/principalsriskdefinitions):

Active Management, Cash Drag, Conflict of Interest, Convertible Securities, Country or Region, Credit and Counterparty, Derivatives, Distressed Investments, Dollar Rolls, Emerging Markets, Fixed Income Securities, Foreign Securities, Forwards, Futures, High-Yield Securities, Income, Industry and Sector Investing, Inflation/Deflation, Inflation-Protected Securities, Interest Rate, Investment-Grade Securities, Issuer, Lending, Leverage, Loss of Money, Management, Market/Market Volatility, Maturity/Duration, Mortgage-Backed and Asset-Backed Securities, New Fund, Not FDIC Insured, Options, Preferred Stocks, Prepayment (Call), Pricing, Regulation/Government Intervention, Reinvestment, Repurchase Agreements, Restricted/Illiquid Securities, Sovereign Debt, Structured Products, Suitability, Swaps, Unrated Securities, Valuation Time, Variable-Rate Securities, Warrants.
